DECEMBER 2018 ▶ adding value in your life

## DO YOU EVER WISH...

you could earn awesome prizes for reading all year long? Now teens and tweens in grades 4–8 can do just that! With the library's new 100 Books Before High School program, readers can read books, earn prizes along the way and keep the fun (and learning) going year-round. Sign up, log books and get more information at [ahml.beanstack.org](http://ahml.beanstack.org).

Just for signing up, you'll get a cool drawstring backpack to begin your journey. Log every book you read, and for every 20 books logged, you'll earn a badge and a free book. Stop by the Kids' World or Hub Desks to choose from our selection of prize books, and get a real-life badge to wear proudly. Library staff can even help you figure out the perfect book to read next on your path to 100!

Once you reach the summit of Mount 100 Books, you'll earn a High School Survival Kit. The tools in the kit were selected by our Teen Advisory Board, and include a USB power bank, mechanical pencil and lead refills, a touch-screen stylus, mints, a super-pack of sticky notes and so much more.

Kick-start reading your 100 books at our Read-a-Thon events during Winter Break. There's one for teens on Thursday, January 3 (see page 9) and one for tweens on Friday, January 4 (see page 8). Happy reading!
